

Impact Driver LXT DTD173RTJ

Product Description

• 18V LXT • BL • 180 Nm • 0 - 3 600 min⁻¹

Compact Brushless Impact Driver for quick driving

meticulously designed to reduce operator strain and enhance ease of use. The revised battery and switch panel layout, along with a slimmer head circumference, improves operability.

A newly integrated ring illumination LED minimizes shadowing, providing clearer visibility, especially in confined spaces.

Product Features

- ⦿ The streamlined tool body eliminates protrusions around the LED sections, enhancing screwdriving performance
- ⦿ With a three-stage adjustable brightness LED and a rear-mounted switch panel, users can quickly adjust settings on the go
- ⦿ The optimized battery layout shifts the center of gravity for better handling and less wrist strain
